

## DIRECTOR OF WEIGHTS & MEASURES

**Distinguishing Features of the Class:** The work involves responsibility for administering, supervising and enforcing the provisions of Agriculture and Markets Law, Rules and Regulations as they relate to weights and measures and performing other duties as directed by the local governing body which may include services designed to aid and protect consumers. The incumbent has responsibility to take charge of and safely keep the municipal standards as prescribed by statute, and supervises the maintenance of complete records of work performed by the agency. The Director has access to all places of business, buildings or premises to inspect, test and ascertain if weighing and measuring devices and systems and accessories are correct and being used correctly. Supervision is not a responsibility of this class. Although employed by the local legislative body, the Director is subject to the direction and supervision of the New York State Commissioner of Agriculture and Markets, and his/her authorized representatives. Does related work as required.

### **Typical Work Activities:**

- Visits stores, markets, warehouses, wholesale houses, gas stations and other establishments to test and verify the accuracy of weighing and measuring devices.
- Using standard weights and measures determines the accuracy of scales, meters, rules and other measuring devices.
- Using calibrated containers, tests fluid measuring devices such as service station gasoline pumps.
- Using standard weights, checks for accuracy meat, produce and platform scales.
- Seals those pumps, metering devices and scales when found to be accurate within the allowable tolerances.
- Orders faulty measuring and weighing devices repaired or replaced depending on the condition and repair ability of the devices.
- Responds to consumer complaints by investigation or testing as the occasion demands.
- Examines and checks the contents of pre-packaged foods to determine the accuracy of labeling practices.
- Removes or orders removed from sale those products not meeting the volume, weight or count as declared on the package label.
- May be required to testify in court in consumer fraud litigation.
- Submits narrative reports of inspections, violations and ordered repairs as required by regulations.
- Monitors and records fuel levels and water levels in fuel and orders diesel fuel and gasoline;
- Issues vehicle and driver fuel cards for use and tracking fuel accounts with computer software;
- Trouble shoots for maintenance problems by inspecting the pumps and performs minor maintenance;
- May supervise and direct the work of part-time or seasonal inspectors.

**Director of Weights & Measures continued****Full Performance Knowledges, Skills, Abilities and Personal Characteristics:**

- Good knowledge of Laws, Rules and Regulations governing Weights and Measures programs.
- Good knowledge of practices and procedures used to inspect, test and ascertain if weighing and measuring devices and systems are correct or being used correctly.
- Good knowledge of investigative techniques.
- Skill in inspecting and testing weighing and measuring devices and systems.
- Ability to read and interpret complex written material, state laws and departmental regulations pertaining to consumer protection, mechanical aptitude.
- Ability to understand complex mechanical equipment, its construction, repair and adjustments.
- Ability to make quickly and accurately mathematical calculations.
- Ability to write simple reports.
- Physical condition commensurate with the demands of the position including the ability to lift and carry objects weighing 50 pounds.

**\*MINIMUM QUALIFICATIONS:**

Either:

- a) Satisfactory completion of 24 semester credit hours in the physical sciences\*, engineering sciences, electronics sciences\*\*, mechanical technology and/or mathematics\*\*\* from a regionally accredited or New York State registered college or university or one accredited by the New York State Board of Regents to grant degrees;

OR

- b) Two (2) years full time experience where the primary functions/responsibilities include any one of the following:
1. Enforcing weights and measures laws and regulations and inspecting and testing of devices and packaged commodities;
  2. Inspecting, testing and repairing commercial and/or industrial weighing and/or measuring devices per manufacturer's specifications and tolerances;
  3. Inspecting and testing both quality and quantity of packaged or manufactured goods using precision scales/balances and other precision measuring equipment, performing data reduction, and assessing compliance of the results with appropriate specifications and tolerances;
  4. Conducting chemical or physical analyses using precision scales/balances and other precision measuring equipment, performing data reduction, and assessing compliance of results with the appropriate specifications and tolerances;

OR

- c) An equivalent combination of training and experience as defined by the limits of (a) and (b).

\*Physical sciences include chemistry (inorganic chemistry, organic chemistry, biochemistry), earth science (meteorology, astronomy, geology) and physics.

\*\*Electronics sciences do not include course work in electricity; electricity is a science that deals with the laws of electricity, while electronics is a branch of physics that deals with the emission, behavior, and effects of electrons (in tubes and transistors) and with electronic devices.

\*\*\*Mathematics includes course work in accounting, economics, etc., provided primary focus of the course is manipulation of numbers.

NOTE: Verifiable part-time experience may be pro-rated toward meeting full-time experience requirements on the following basis: 8-15 hours per week is  $\frac{1}{4}$  time; 16-23 hours per week is  $\frac{1}{2}$  time; 24-31 hours per week is  $\frac{3}{4}$  time; 32+ hours per week is full-time.

\*NOTE: The minimum qualifications for this position are mandated under Section 179 (17) of New York State Agriculture and Markets Law.

Special Requirement for Appointment and Continued Employment: This class requires extensive travel. Appointees will be required to Possession of a valid New York State driver's license appropriate to the vehicles operated or otherwise demonstrate a capacity to meet the transportation needs of the class to perform field work responsibilities.
